Hylan Is Re-elected Mayor of the Metropolis by Largest Majority In History—President Harding's Home City Lost by Republicans

Democrats in yesterday's "off year" elections regained some of the ground they lost in the Republican sweep a year ago, according to returns gathered by The Lima News today.

Kentucky went back into the Democratic column and New York, Indiana, Ohio and Maryland showed Democratic gains. Results summarized by states follow:

NEW YORK—John F. Hylan, Tammany, Democrat, re-elected mayor by the biggest majority ever rolled up in a municipal election and the entire city and county Democratic ticket carried into office with him. Democrats made a gain of at least 17 in the legislature, and made gains in up-state elections, capturing four Republican strongholds.

OHIO-Democrats gained in city elections, winning 42 mayors to 54 for their opponents. Marion, President Harding's home town, went Democratic.

VIRGINIA-Elected a Democratic governor by 60,000. MARYLAND-Democrats won the state comptrollership and

strengthened their hold in the legislature. INDIANA-Democrats elected 30 mayors, three in Repub-

lican strongholds. Republicans elected 20, Socialists one, and Independents one. Lew Shank won in Indianapolis. Don Roberts, of Terre Haute, and Rollin Bunch, of Muncie, former mayors who served in prison, failed to "come back."

NEW JERSEY-Democrats, standing on the wet issue, lost, Republ'cans claimed gains in the legislature.

KENTUCKY.--Lègislature regained by the Democrats.

MICILIGAN-Mayor Couzens was re-elected in Detroit. PENNSYLVANIA-Philadelphia and Pittsburg showed Republican strength, ex-Mayor McGee being returned to that office in Pittsburg by 50,000. William I. Shaffer, Republican, defeated Eugene C. Bonnewell, Democrat, for the supreme court. Many smaller counties, because of local Republican rebellions, showed Democratic strength.

Get Back Your Grip on Health

Every man and woman is born with just so much nerve force or nerve capital—some with more than others. Thousands inherit weak nerves be-Thousands inherit weak herves because their nerve force has been squandered by their ancestors.

Your system can only make or create about so much nerve force every twenty-four hours, and if from any cause you use it up faster than it is made, you are bound in time to become a nervous bankrupt with all its terrible tortures and alarming symptoms.

In such cases, it is often

In such cases, it is often worse than foolish to take stim-ulating medicines or narcotic

drugs. What you need is to take sometoing to put more nerve force into your burses must iron into your blood. This is most effectively accomplished by the free use of kunated Iron. This valuable product contains the principal chemical constituent of active living nerve force in a form which good nearly resembles that in the beam and nerve cells of man. It also contains organic fron like the iron in your blood and like the iron in your blood and like the iron of iron will not blacken nor dripure the teeth nor upset the stomeach. It is an entirely different thing from metallic iron which people usually take. Nuxated from may therefore be termed as both a blood and a nerve food as it feeds strengthegiving iron to your blood and the principal chemical ingredient of active living nerve force to your brain metallic iron write here to your brain metallic iron way therefore the termed as the principal chemical ingredient of active living nerve force to your brain metallic increases.

NO HONOR AMONG LEGGERS

Cut-throat Game Played by Violators of Law

BY ROY GIBBONS

M IAMI, Fla.—I have just re-turned from the Bahama Islands, where for two weeks 1 have been the boom companion of rum-runners.

who are smuggling tens of thousands of galions of liquor in to the United States. I have lived with

them, bartered with them, been a guest at their debauches and have run rum with them I have

learned their secret schemes and know their secret fear—the diead of the single step by which the government at Washington could effectually check whisky smuggling In this dispatch I will relate my

personal experiences in the realm of rumrunners It was while I was engaged in an investigation of liquor smuggling along the Plorida coast that I met the bootleg, who offered, for a consideration, to introduce me to

the rum-runner; as a liquor buyer

representing Chicago interests The consideration consisted of a cash payment and a demand that I give the federal authorities information which would lead to the arrest of two big bootleggers, who were scheduled to sail on the same boat that would carry me to Nassau I paid the cash; the domand I ignored. There's No Honor

Among Bootleggers

It gave me my first true insight into the character of bootleggers; there may no honor among thieves, but there is none among the nonde script gentry in the illicit rum trade

My fellow voyager, on the Vir- Nearly All Whites ginia B included several whisky trad- Are in Rum Trade ors, bootleggers and rum-runners

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and rum it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when returng; use enough to moisten the scalp and rub it in gently with the finger tips.

and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.
You will find, too, that all itching and Loan & Building Co.

digging of the scalp will stop, and your Citizens Building hair will look and feel a hundred times 209-211 N. Main St. Lima, O. better. You can get liquid arven at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

UNKNOWN YANK

Body of Soldier on Way Up Patomac to Washington

WASHINGTON — (By Associated Press) — Her progress up the Potomac river marked by periodic rendition of the salute usually accorded the chief executive—21 guns—the cruiser Olympia brought to his homeland the unknown soldier-representative of thousands of American soldier dead overseas.

The program designed to express the nation's honor for its war dead, began when the Olympia turned this morning into the wide reaches of the Potomac The battleship North Dakota, lying at anchor off the Piney Point entrance to the river, dipped has content in solution as honored. her ensign in salutation as her guns tolled welcome. As the cruiser pro-ceeded toward her berth at the Washington navy yard, Fort Washington and Washington barracks signalled her passage, each with a presidential salute of 21 guns

The Olympia was scheduled to dock about four o'clock this after-noon. The casket bearing the remains of the man who fell, unknown but undaunted, will be given at the dock to the hero escort which will accompany it to Arlington Friday,

MILK HUCKSTERED NEW YORK — Milk was huck-stered in New York today by the big milk companies, whose employes have been on strike for more than a week. Nearly 200 milk wagons were sent to Upper Manhattan and to sections of Brooklyn, and were sta-tioned at street corners where consymers might obtain their day's supply. The system was described by an official of one company as the first long step toward resumption of house to house distribution.

Care

Permission of the court to withhold money alleged to be due B. C. Frysinger from the City of Lima, The Northern Electric company and the Westinghouse Electric and Manufacturing company is asked in a petition by the Lima Lumber company, filed in court late Tuesday.

The lumber company consitss of Harry G. Crevision and Barney Crevision, a partnership. They al-lege the amount of \$236.20 is due them on a judgment obtained in the court of C. P. Morris, justice of the peace, in October 1919.

In case these funds are not sufficient to meet the payment of the judgment, appointment of a receiver to care for all of Frysinger's property is asked.

SHORTEST ANSWER IN DIVORCE SUIT FILED

Probably the shortest answer filed in Allen-co divorce courts in months was that of Arnold E Webb, Celina, in reply to the divorce petition of his wife, Florence L. Webb, insti-tuted in common pleas court some weeks ago.

Webb makes no definite denials, but in a few words says he is not guilty of the things as charged by his wife. He gave notice he would contest the case. Mrs. Webb alleges her husband

threatened to kill her and went to her bed room with a gun. They were married in January of last year and lived together until last June They have one child, Russell M. Webb, a month old

druggists everywhere. P. H. C. TO OBSERVE ARMISTICE DAY

The Protected Home Circle of Lima, Ohio is planning to observe Armistice Day, November 11th, when the nation will offer a silent two-minute prayer at noon while the body of an unknown soldier killed in France will be laid to rest in Arling-ton National Cemetery, and an ad-dress will be delivered at two minutes past moon by President Hard-

Lima Circle No. 210 of The Protected Home Circle, is a member of the National Fraternal Congress of America, with a membership in excess of eight million people.

The Fraternalists all over the country are taking part in this gen-eral observance as a mark of respect remembered that the Fraternal Ben-efit System lost thousands of its members on the battlefield and at sea, and that it contributed millions to war funds, and that its member ship, both men and women, worked zealously on every occasion in the big plan that was carrie dthrough to win the war.

It will also be remembered that the Protected Home Circle kept all its soldier boys in good standing dur-ing the period of the war and has granted them the special honor of membership in the Inner Circle, up-on their return to civil life. The officers and members of Lima

Circle No. 210, P. H. C., will meet at their hall in Morris Arcade, at 10 o'clock Friday morning, November 11th, Armistice Day, - in order to take part in the Parade.

Use of Coal for Heating to End, Gas Convention Told

HEALTH IMPROVEMENT SEEN

prophesy Made at Opening of Chicago Meeting.

_ (By Associated Press) - Progress in the manufacture of gas, now the cheapest fuel obtainable, is gaining such momenrun that the use of fuel in solid form in cities may be expected shortly to disappear. Charles A. Munroe, of Chicago, president of the American Gas Association, told the 2,000 delegates to the annual convention of egates to the annual convention of

sions opened here today. "We can confidently look forward to progress not alone in the develop-ment in the field for the utilization and thousands of industries.

that smoke, soot and grime be oblit-erated and that the annual coal problem be solved, will be realized. Use of solid fuels, such as coal, in cities will end and when the transformation comes, health and sanitary erty saved, as well as the nation's and millions of dollars worth of propconditions will be greatly improved coal resources conserved."

out resources conserved.

In reviewing the extreme difficulties which gas companies and other public utilities have experienced during the period of soaring prices from 1914 to 1921, at the same time from 1912 to 1921, their rates being curtailed by public regulatory authorities, Mr. Munroe said that while other industries were said that while other industries were making enormous profits, the utilities and railroads were struggling for their existence.

DIVIDEND NOT INCREASED

"The utilities and the railroads are the backbone of aur present civilization," he said.

"Rates for gas thruout the country did not advance apace with the advance of the price of gas making avance of the price of gas making materials over the war period and since. No gas company can be found that increased its dividends ANNA HELD, JR. IN COURT

Anna Held, Jr., beter known as Liane Carrers on the stage, has brought court action for an accounting of her famous mother's estate.

ment in the field for the utilization of the production of during the period, yet between 1915 the time that production prices in during the period, yet between 1915 the time that production prices in the gas itself, he told the delegates, and 1920 there was witnessed in industry of the country serving dustry an era of unprecedented accumulation of earnings over and thousands of industries. "The dertaking thruout the tength of and thousands of industries. "The dertaking thruout the tength of the material which." and thousands of industries. "The public must appreciate that will greatly reduce producing cost.

"The public must appreciate that the industry that this course was not the and thousands of industries. "The public must appreciate that the industry that this course was not industry that the industry that this course insuffice the public with the single exception into the pay for the material which the land, with the single exception into the pay for the material which the land, with the single exception into the pay for the material which went into its manufacture, the gas company obtained any such No gas company obtained

Lima Advertisers

Service is the paramount aim of The Lima News; service to our subscribers, service to our advertisers.

To give better service to our subscribers it is necessary, with the coming of shorter days and bad weather, that the paper be delivered as early as possible each evening.

This in itself will result in better service and greater returns for the advertisers. This is particularly true of our Friday issue. Late delivery on this night decreases the salespower of YOUR advertising. Late delivery recently has been caused by late copy on the part of some advertisers.

We feel confident that each advertiser will realize we are striving for better service to them and to the subscriber, in announcing the following rule, effective at once:

Advertising Copy for Friday Evening's 2-Clasp GLOVES News Will Not Be Accepted Deep Seated Uric Acid Deposits Are Dissolved and the Later Than Thursday Night, 6 O'clock Rheumatic Poison Starts To Leave the System

(Grocery Advertising Will be Accepted Up to 10 a. m. Friday)

By enforcing this rule we will be able to carry your message into many thousand homes on Friday that otherwise would not see your advertisement until Saturday—too late to be effective for Saturday

Each advertiser is paying to reach our entire circulation and The News intends that each shall receive full value. Therefore, the above rule is positive. Orders given Thursday to take copy from Friday morning's paper for publication Friday night will not constitute early copy and will not be accepted.

An extra force of compositors will be employed on Wednesday and Thursday nights. Early proofs will be furnished Thursday if copy is given us on Wednesday. This extra force will also be on duty Friday night to set up Sunday advertising.

Our exception on grocery copy only is because of the rapid changes in quotations on grocers' lines, making it necessary for them to have Friday's prices to them before quoting Saturday's sale prices.

BONUS PROPOSAL GOES OVER BIG

More Than Four to One in Favor of Compensation.

REDISTRICT, POLL TAX LOSE

Heavy Vote Against Two Unpopular Measures.

Lima voters took kindly to the proposition of according soldiers and sallors and nurses in the late war adjusted compensation of \$10 per month for each month in the service, to be paid out of state funds. In the 70 precincts of the city the total vote for the bonus was 5,899 to 1,449 against, more than four to

one in favor in the finals. According to reports from all over the state, the bonus was accorded a big majority everywhere.

Satisfaction was expressed among ex-service men who worked at the polls, soliciting support for the bonus amendment.

TWO MEASURES LOSE Almost five to one, Lima voters gwatted the proposed poll tax amendment. The vote was 988 for

a strenuous manner. The vote was 1,439 for to 3,715 against.

RING IS BELIEVED BROKEN UP

Arrest of Baker and Sisson Declared Robbery Solution

With four men and two women in enstedy, as the result of police activities commencing Sunday, Chief O. J. Roush, said Wednesday that he belleved capture of Ray Sisson, 20, and Johnson Baker, 35, both of 635 N. Jackson-st, will end a series of robberies which have occurred re-

cently. Johnson Baker and Sisson were arraigned late Tuesday before Judge Emmett J. Jackson in criminal court on charges of burglary and larceny

and highway robbery.

Their honds were set at \$3,000 each, and they were transferred to the county jail.

Baker was captured by C. E. Coffman, Smedley's Cafe, and W. J. Mumfer, 133 E. Kildure-ave, at a point five miles north of the city, after he had fought with William Thomas, former police officer, in an attempt to escape.

Detective Kipker, coming to Thom-

as' assistance, shot Baker thru the right shoulder. Despite the pain of his wound he kept running, pursued by Kipker and others. Crawford Baker, a brother shot

Sunday, is reported to be dying. His wife, Mrs. Lelia Baker, mother of a three months babe, was allowed to visit him at City hospital. Mrs. Baker and Mrs. Hazel Sisson.

OHIO TURNS OUT TO **HONOR FOCH**

Great Parade is Part of Program At Cleveland

CLEVELAND - (By Associated Press)—Refreshed after a day of un-broken rest, Marshal Foch today became the official guest of the state of Ohio, the Ohio departments of the American Legion and the city of Cleveland.

His visit at the home of Parmeley Herrick, son of Myron T. Herrick, American Ambassador to France, where he rested yesterday, was more a personal visit on account of the friendship between the French marshal and the American ambassador. than it was to the state and city. The welcome accorded the allied

commander by Clevelanders rivalled the most cordial extended by other

can Legion commander, and city dignitaries on Marshal Foch at the Herrick residence at Gates Mill, 15 miles in the country. They accompanied him to the city, where from Western Reserve University, the party head-ed a parade down Euclid-ave thru the business section, between throngs with French and American flags, formed a lane thru which the marshal rode in an automobile.

\$13,100.65 Raised in Campaign. Now at End

The Y. W. C. A. Finance Week drive officially ended Tuesday night when all team captains made final reports, showing \$13,160.65 was secured with which to maintain the institution the ensuing year.

Mrs. Emily Hadley, New York, director of the campaign, said Wednesday she was satisfied with results obtained. A few voluntary subscriptions are coming into the "Y. W." headquarters. A few of the women are retaining subscrip-tion list cards in anticipation of making further collections for the fund, but the drive is ended, it

was announced Wednesday.

The men's team, captained by
Rev. Kirk O'Ferrall falled to make a report thruout the drive, it being understood the men thought the campaign one for women workers to carry on.

The amount raised during the campaign will be used to meet current expenses of the Y. W. C. A.

Cincinnati Woman of 70 Tells How Aged People Can Benefit

"I am convinced from my experiences that Pepgen is a mightily good medicine for elderly men and wo-

This is the statement of Mrs. Mary A. Mullen, 70 years of age, of 725 West Ninth Street, Cincinnati.

"For several years I suffered with my stomach." says Mrs. Mullen. "It seemed that I could not eat anything that seemed that I could not eat anything that would agree with me. Gas formed on my stomach immediately after meals. My appetite became poor, Then I noticed that my system generally was growing weak and run down. I suppose this was due to the fact that I didn't eat enough and didn't get proper nutition from what I did eat.

"When I started taking Pepgen I soon noticed an improvement Now

when I started taking repgen I soon noticed an improvement. Now, I am better generally and am continced that Pepgen will benefit others as it did me."

Elderly men and women often need a strengthening, building medicing to keep them fit and well. All

cine to keep them fit and well. All over the country, elderly people are fluding Pepgen just the tonic and inrigorant they need to keep them in sood health. If you have reached an advanced age and are beginning to notice health troubles, try Pepsen.

Pergen is a new system tonic which is now being specially introduced at Hunter's Drug Stores. It is also all a drugis also sold by other leading drug-sists in Lima and nearby towns.

THE WICKEDEST GIRL IN PARIS!

By MILTON BRONNER

PARIS-The wickedest girl in Paris! Even the police concede that to Yeyette Miffone, not yet 21 years old, who today is beginning a sentence of 15 years of hard toll in a French

prison. Yeyette is no product of Paris' world-famed slums. She's the daughter of a respeciable middle-class gentle-man who operates a ladies' hair dressing shop in a fash-

ionable quarter. In school Yeyette was a prodigy. She attended the Sorbonne and won high honors. Then she became a school

teacher at 18. But the routine of a schoolmistress' life was not for such as Yeyette. She decided to live her life in her own way.

Along came Degory, smooth talking, reckless leader of a criminal band. And Yeyette became his sweetheart.

From that it was only a short step to become the queen of a handit gang which terrorized Paris with daring lewelry store holdups.

Finally the gang entered a gem shop at Surenses and were about to make away with \$14,000 in gems when the police surrounded them. One member of the gang took shelter behind a tree and pumped lead at the officers. A lucky shot from the police brought down the con-

cealed marksman. esw il Yayatte. Her attorney made a touching, but vain appeal for her. As he finished she murmured to him:

"Dear master, what a poet" you are! When Yeyette leaves pris-

on, she says she will try to rebuild her ruined life. But her love for Degory which led her to a career of crime-that, she says, will

THE WINDSOR JEWELRY CO.

122 WEST MARKET STREET

ANOTHERFORLIMANEWS

This time The Lima News scores ahead of all others in low rates for daily newspaper advertising.—The highest authority, Printers' Ink, recently discovered, thru one of its correspondents, that the easy way to illustrate for comparative rates of daily newspapers, was to give the price for insertion of advertising in a million copies, regardless of the size of the circulation of the paper. The old way to illustrate was to say, for instance, that the rate was one-fifth of a cent per agate line per thousand circulation. (There are fourteen lines of agate type to the inch.)

A Chicago Advertising Agency illustrating the idea to the publisher of The Lima News discovered that the Milline rate of The Lima News, \$3.11, is lower than the average of all daily newspapers in the United States, which is \$5.03.

Following above, our research work discovered that there are only 37 daily newspapers in the United States that have a circulation over 15,000 daily, and the average Milline rate of these 37 daily papers is \$3.38. All figures are taken from the Standard Rate and Data Service and are guaranteed to be corrected to Sept. 1.

Therefore it will be observed that The Lima News has not only the lowest rate of the daily average thruout the whole country of all daily papers, but is lower than the 37 dailies in the United States having even less circulation than The News.

In Ohio, the 11 leading cities have a total of 26 daily newspapers. The average milline rate of these papers is \$3.51, as compared to The Lima News rate of \$3.11.

The new and popular way among all National advertisers is to ask for the "Milline" rate,
—in other words, so much per agate line for one million copies.

The high quality of circulation of The Lima News, built without premiums, prizes and other gift subterfuges, and the fact that our rate is so low keeps the paper full of advertising, as the advertising brings satisfactory returns to all who buy it.

Write to this paper for advertising rates or information of any kind.

NORTHWESTERN OHIO'S MOST WONDERFUL NEWSPAPER

R. E. ASHLEY, Advertising Manager.

STORES CLOSED FRIDAY

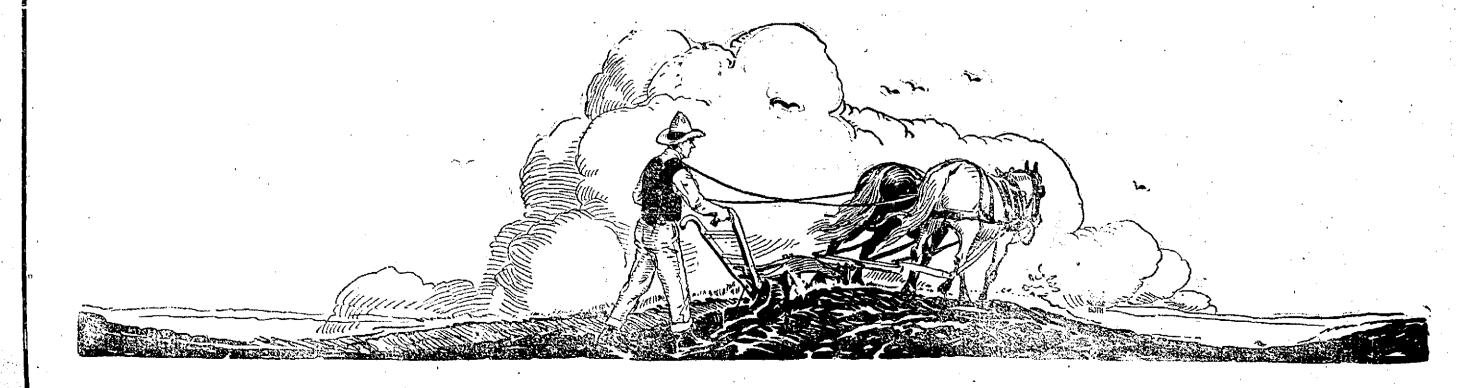

Peace on earth has been finally established. So let us offer cheer to the sorrowful, bounty to the needy, and balm to the stricken. In this spirit let us celebrate this Armistice Day Anniversary.

And let us hope that the conclusions of the Disarmament conference, called by President Harding, will pave the way to the eradication of war and that all its accompanying scourges will be effaced from this earth; that the term "brotherhood of man" will bear a more definite meaning than mere words.

Let us make this day a day worth remembering, as sacred and memorable as our natal day—the Fourth of July. To this end Lima stores will be closed all day Friday.

And let us rejoice that November brings forth two great days of thanks giving — Armistice Day and Thanksing Day.

The Lima Merchants' Association

Pimples and boils are signs of lowered vitality A familiar food now used to correct them

IMPLES and blackheads (acne) and boils are often the signals of a falling off in health. "A bad acne may indicate profound debilwrites a physician connected with a number of leading New York hospitals, and "the repeated occurrence of boils should always be looked upon as an indication of lowered vitality."

It has been found from actual clinical tests that remarkable results are obtained in treating these complaints with Fleischmann's Yeast.

Today Fieischmann's Yeast is everywhere recognized as a valuable "conditioner." It is a fresh food which supplies in rich quantities the newly discovered vitamine known to be lacking from many of our foods. It thus corrects lowered vitality which is so often the underlying cause of these minor ailments.

To protect themselves against these complaints many are making Fleischmann's Yeast a part of

for Health is sold.

their regular diet. It is a highly digestible food assimilated like any other fresh food. You will like its fresh, distinctive flavor and the clean, vholesome taste it leaves in your mouth,

Eat Fleischmann's Yeast before or between meals-from two to three cakes a day. Only one precaution: if troubled with gas dissolve yeast first in very hot water. This does not affect the efficacy of the yeast. You will like Fleischmann's Yeast spread on toast or crackers, dissolved in milli or fruit-juices, or just plain. Place a standing order with your grocer for Fleischmann's Yeast and get it fresh daily.

Send 4 cents in stamps for the interesting booklet, "The New Importance of Yeast in Diet." So many inquiries are coming in daily for this booklet that it is necessary to make this nominal charge to cover cost of handling and mailing. Address THE FLEISCHMANN COMPANY, 701 Washington Street, New York, N. Y.

The need for scientifically tested yeast

Fresh yeast has been proved by recent scientific tests to be ... valuable food for correcting run-down condition, constinution. indigestion and certain skin disorders. These original tests were all made with Fleischmann's Yeast. Beware of untested yeasi-vitamine preparations that contain drugs or other mixtures. Fleischmann's Yeast (fresh) is a pure food, rich in vitamine, in which it measures up to the high standards set by laboratories and hospitals. The familiar tin-foil package with the yellow label is the only form in which Fleischmann's Yeast

COOPERATION SIGNS

NNOUNCEMENT is made today of plans A by the chamber of commerce to have as honor guests at a dinner Wednesday evening. the first commissioners-elect of Lima, under the charter plan.

This plan should not be misunderstoodit cannot be, in the minds of persons disposed to be fair. The chamber of commerce has no designs on the commissioners, affecting their future action, save and except to offer the cooperation and aid of the great body of forward looking men of the city in any problems that may come up in the future.

What the chamber of commerce proposes to do is a sensible and commendable thing. The commercial organization, seeking to benefit Lima in every way possible, does not believe in waiting until it is demonstrated that the new form of government is a success or a failure before tendering its counsel, aid and cooperation. The movement is a spontaneous one.

Anyone who has ever been chosen by his fellows to assist in governmental affairs, in ward, city, township, county, district, state or nation, will appreciate the fact that the new city commission—unless it is composed of men entirely different from the ordinary-will welcome the cooperation of other citizens as individuals, groups or bodies, patriotic, civic, religious or otherwise.

It is an inherent desire on the part of an office-holder to make good. Those who have a correct vision of the eternal fitness of things must realize that they cannot succeed by constant antagonism, by petty bickering, by wasting valuable time that should be accorded big things in fighting out personal or political ani-

Let's have done with that sort of thing; avaunt with wiggle and wobble in city administration affairs. It is sincerely to be hoped that the men chosen today will welcome aid and cooperation. The chamber of commerce is setting an example that other organizations should follow.

In city affairs as well as nationally, remember: "United we stand; divided we fall."

0 0 0 0 0 WHY NOT BUY IT?

NOTHER councilmen has solved the street A car problem. He would hurry up service, and reduce the cost of car fares at the same time, alias Lenine's universal panacea for all

It would truly be a joke, were not our transportation system such a serious factor of city life; but not the factor, it is true of a few years ago, when the automobile had not become so general. Street car companies are passing into history, not becoming desirable investments. Yet councilmen and some citizens would demand increased operational costs and cut down income at the some moment. Even Lenine could not propose any surer way for street railway suicide than this.

But with such geniuses in our City Hall we would propose that the City buy the present city railway-it's for sale at a bargain-appoint one of the genius-brand as general manager, giving him for his salary the first \$5,000 the company actually earned, and demanding nothing more than that which he demands. Russianized 5c fares and a ten-minute car schedule. Are you on?

00000 **ADVENTURE**

W HILE women crave fur coats, men crave adventure. How would you like to get into the Adventurers' Club of Chicago? To gain membership, J. K. Christian, real estate dealer. begged his way 3023 miles in automobiles in 27 days. Also he wins a bet.

Passing autos gave this man a lift of 100 miles a day, daily for nearly four weeks. Street car riders will wonder how long he had to stand on the curb before he was picked up.

EXCELLENCE

(BY DR. WM. E. BARTON.) On a democracy mere perhaps

than in some other countries are we faced with the peril of leveling our effort down to the average. The editor must not attempt to write his best, nor the teacher to teach all he knows, nor the learned preacher to put much of his erudition into his sermon, because he will be shooting over the heads of his audience. This tends to a dreary and deadening mediocrity. But this may not be the worst

effect of the adjustment of the ideal to the average. The danger of it is that it will kill within the man to whom larger things are possible the ambition to grow to his own possible limit.

Whather a student should be commended for keeping up with his class depends upon the student and upon the class. It may be the very utmost that can reasonably be expected of him. It may be that he is doing remarkably well to attain that. degree of excellence.

It may be on the other hand that this is so far below what he could do if he did his best, that he deserves stern censure.

No man is justified in accepting the average of excellence for himself until he has assured himself that he is not able to attain anything higher. The average man does well to reach and maintain the average. The stupid man does well if he approximates the average but fails be-

But some men have in them that which, if they recognize it, and make the most of it, will lift them and their labor above the average. Any man who can do that ought to do it. For him there is no real sucess short of that. What are you striving for the average standard of success? Are

you sure that is the best you can do? Suppose you try to rise above average to excellence. There is where real success may llie for you.

A fifth era is starting, says C. W. best, are excess baggage. Without Pugsley, assistant secretary of agrifarms, they'd perish in a matter of culture. It will concentrate on wellbalanced production of crops, more Farm extension work has passed direct distribution to consumers and thru definite eras. First was the enlarged social life for those on the the body is much less important

HEALTH TALKS -CLEANLINESE-

A clean body always stands the best chance of avoiding infections long time have The Japanese had what appeared to be a very curious custom, but what since has been proved highly scientific. It is that of requiring their soldiers to bathe before going into battle Their lead has been more or less tollowed by western nations.

Clean bodies and clean clothes, it has been found, protect the soldiers from lockiaw and other infections that often follow wounds.

Bathing often and well is important for cleanliness. The hands, the face, and fingernalis should be kept clean always, especially before meals. Any small cut or crack in the skin or mucous membrane—the material that lines interior cavities of the body such as the mouth and nose—may let in germs when the spot is dirty or is touched by dirty

This is the reason why surgeons and physicians are so careful about their own personal cleanliness and that of their attendants, patients and instruments.

The need of cleanliness is pratic-

ularly great for those who work in factories, mines, and other places where dirt is likely to be carried to the mouth by the hands. Probably many diseases get a foothold in this way without the victim realizing in the least that they were due to his carelessness

and lack of cleanliness. Shaking hands, when the hands are soiled, pro ably spreads disease very considerably.

Here, as elsewhere, esthetics and health go hand in hand. A person who does not bathe daily is pretty certain to carr. on his skin some perspiration which, while he may be unaware of it, gives forth an offensive cdor.

Cleanliness is promoted by perse piring prior to bathing. Every one knows the exhibaration which follows a healthy perspiration. Of course, the most beneficial method of securing perspiration is the method applied to the trotting horse -vigorous exercise. In fact, one of the benefits of exercise is perspira-

When a person cannot or will not take exercise, perspiration can be induced by hot baths. Such extreme measures ought not, however, to be taken too often. How often will depend on the corpulence and other circumstances of each individual. Sweating may be overdone, and

should never be pushed to the ex-tent of exhustion. The function of the skin in removing wastes from than formerly supposed.

"WOMEN ARE TO PLAY IMPORTANT PART AT ARMS CONFERENCE"

"All Depends On Effort," Says Mrs. Egan, Member Of Advisory Committee

(BY ALICE RORE)

NEW YORK - "The possibilities for women on the advisory committee of the arms conference in Washington are exactly the same as those for the men, if the women are suffic-iently earnest and willing to undertake the necessity of inve tigation of all subjects that come before the committee."

So says Mrs. Eleanor Franklin Egan, nowspaperwoman and author. and one of the four women to be appointed on the advisory committee.
"A woman's usefulness," says Mrs. Egon, "exactly as a man's seems to me to depend largely upon the effort the woman is willing to make,

Ability is an individual attribute and great women have proved themselves to be quite distinct individu-

Mrs. Ugon is proud that President Harding appointed her "principally," its she says, "because it means that a representative of the newspaper game is on the committee

"I am a reporter," she says, "even the I do write for magazines instead of newspapers. "My appointment is a compliment

to our graft, for President Harding being a newspaper man himself knows how much reporters give to getting facts correctly. He knows that the necessity of being honest and earnest is the motive force of the newspaper man and woman."
Practically the last 18 years of Mrs. Egan's life have been spent in the Far East. It was in Yokahama that she married Martin Egan, then a newspaperman and now of the

firm of J. P. Morgan and Co. Mrs. Egan's first reportorial work was during the Russo-Japanese war. She is a magazine contributor and author of many books.

LETTERS TO

The sophistication of girl students of university, college and normal schools is beyond anything dreamed of in the philosophy of their elders. It has nothing to do with bobbed hair nor the art of holding a cigaret gracefully. It is half a world away from movie smartness about marriage and vaudeville humor about

The sophistication of many girls who have acquired a higher education amounts to this: They believe that romantic love is not always the durable emotion which tradition and convention and inclination paint it. They hold that while ideal love may be the most splended fabric from which to create human happiness, it is often as intangible as light and as transient as lightning. The topic was suggested by the

following from a young man: "I've been turned down by the finest girl who ever lived. We have been chums all summer, and have given and taken all sorts of confi-

dences like pals.
"She isn't the prettiest girl know, but she's the best, a girl with sympathy and a tender heart.
"I've knocked about a good deal

and I covet a woman's tenderness. She knows it and yet she will not consider me as her future husband. "When I spoke about marriage to her, she frankly stated that it was impossible. I am not on her moral plane. Put so, I admit the truth, but protested that my love, my need of her, ought to be enough.

"We had a strange talk. of E. North-st, entertained a group loves me desperately. I am devoted of friends with an enjoyable gath-to her. But she can't see why she ering at their home Saturday even-should have lived by the strict code line. Music and devoted ing. SMART

Dear Miss Smart:

I HOPE that you can offer some tointion to my problem. I have a
little son six years old. He is a
tery nervous child and whenever
he is corrected he is worse than ever.
For that reason I usually permit him
to have his own way. My husband does
not believe in this. He thinks that our
son should be corrected and spanked
when necessary. We disagree on this
so much that it is almost resulting in
a quarrel, I do not think it is kind of
my husband to adopt this attitude. Do
you think that anyone should be
lieartless to a child who is so nervous?

I do not believe you fully underthink of this case?

MISS L. E. VOTING

The ways of the world are strange
and perplexing. Of course your fa
ther was reasonable in objecting to
young man. You were tolh very
young at the time. It is not wise nor
advisable for young people to keep
such steady company. However, I
do not see why your father should
object if you accept an invitation
from this young man occasionally.
Perhaps he is not so hopeless but
that you can instill some sense in

do not believe you fully understand the attitude which your husband has adopted. He does not intend to be heartless or unreasonable in the bringing up of your child. He is probably beginning to become worried with the belief that your child will grow up to be willful and unruly. Your husband is right. If you are too ieniant with your son, permitting him to do as he chooses, he will grow up to be a self-fish, thoughtless and probably domineering man. You are not doing him a kindness by overlooking his little faults. Do not be harsh nor cruel in correcting him. Rather be: cruel in correcting him. Rather be patient and kind, explaining to him why he should not do certain things. Be very mild yourself and you can accomplish wonders with him.

BY MARIAN HALE

NEW YORK—There is one consoling thought for the woman who was born too early to be a flapper.

It is that while many of our fashions are shown upon tantalizingly slender figures, most of the modes may be adapted to almost any avoirdupois.

Dear Miss Smart:

I am a young girl 19 years old and recently moved to this city. There is a certain young man who has been very nice to me and has taken me out several times. He is very gentlemanty and courteous and different from the avery age man of today. In an indirect way I heard that he is engaged to some girl in this town. I really do not believe it, as he seems to be so fine that I do not think he would show attentions to any other girl, especially it his ringered were in the same town with him. I do not know what to do. What is your advice?

Always something to spoil one's sleeves, the adaptation of the unverified rumor and the man is sin-straight lines, belong to almost any age and figure.

An especially attractive model is the Louis Grauer gown of drab d'amour embroidered in steel beads. It is indeed a "perfect love" of a to ascertain how this rumor became circulated.

The long-waisted effect, with cording over the hips, and the long shoulders with full sleeves tend to ward grace of figure.

The designs of bead, embroidered in two rows on the sleeves and skirt and one around the neck, add that touch of gaiety which all the season's frocks demand.

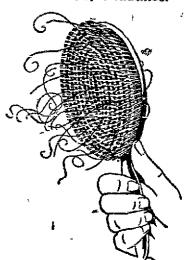

"Needs of China" was the subject of a splendid and illuminating address delivered by D.r. Jean Turner.

abiding by my father's wisher. I see this chap occasionally but regret to hear that he is not hving like he was when keeping etmpany with me. Drinking seems to be his predominant passion. Do you think there is any way I can aid him in quitting that ruinous habit? I would do all in my power to aid him. I come from a well known and respectable family and feet that his behaviour in this regard does not look well. He never drank while I was going with him and I know that if he is doing this for spite, it is surely not hurting in this case?

TIFE owes us all something—if we've protected our investment. Many of us try to go on collecting from life without protecting our investment. And we can't. And there's trouble—and disappointment.

What's become of those mornings when it was great to be alive, and every sense thrilled to the inspiration of health and energy and ambition? It was easy to collect from life then. Is it so easy now? Probably life is just the same—and it's ourselves that have

Let's think: Have we protected our investment? Health was the big thing. Sound body and nerves -eat well, sleep well, play well, work well. That was the life. What's become of it? What is becoming of it—now?

Protecting or neglecting? It's very important to know—and in time.

What about coffee and tea day after day? Let's look at the facts: Caffeine in coffee and thein in tea are drugs-well-known drugs with a well-known effect. Useful, perhaps, when a doctor prescribes them They whip up the

That may be all right—sometimes. But it may be all wrong all the time. In a great many cases it is all wrong; disturbing to health, as your doctor can tell you-robbing nights of sleep and days of efficiency, harming digestion, bringing headaches and high blood pressure—laying the grounds for serious trouble.

And the fact that the harm comes slowly and may not be noticed for a long time is all the more reason why it pays to be on guardwhy it does not pay to take the risk.

Really, then, can you collect what's coming to you from life—the zest, the accomplishment, the "feel" and enjoyment—and trifle with your investment in health?

There's no sacrifice in safety from coffee and tea dangers—not a bit. Postum furnishes the way.

Postum is a pure cereal beverage, rich, comforting and satisfying, deep brown in color, with a coffee-like tang and a flavor which makes you say, "How good it tastes!" Don't think you will miss anything when you change from coffee or tea to Postum. You gain! Ask the Postum users. They know. And they're mighty free to tell you.

Postum has been serving human need for a quarter of a century. It has been a worldwide table-drink these many years—the number of its users growing daily. Postum is sold and served wherever good food and drink are sold and served. And Postum is the mealtime beverage of folks who have decided to come up and keep up where they belong-purposeful, wide-awake, healthy and happy folks who believe it's better to be safe than sorry-particularly when it's more pleasant and agreeable being safe.

If you don't happen to be a Postum user yet,-wouldn't it be better for you to be out on the sunrise road, going up and keeping up; and staying away from the shadows where so many have found trouble and discouragement?

We can't ask life to be fair with us, you know-unless we're fair with ourselves. And daily drugging of the nervous system is not being fair with ourselves-especially when we know the facts as so many physicians have pointed them out.

And it's worth as much to keep health as it is to get it back

Order Postum from your grocer today. Enjoy its satisfying flavor. Keep to Postum instead of coffee or tea for ten days and learn the difference in "feel." Let the members of the family share the delights of Postum as a hot mealtime beverage—and remember, there's no danger-line around Postum for the children, as there is around coffee or tea. There's no harm in Postum for anybody.

"There's a Reason" for POSTUM

Postum Cereal Company, Inc., Battle Creek, Michigan

SOUTH HI PLAYS WAPAKONETA ELEVEN IN LIMA SATURDAY-COACH YOUNG'S MEN IN TIP TOP CONDITION

BY NEIL SHAW

South Hi's gridiron squad is taking all sorts of football medicine this week which is being freely administered to them by Coach Ward Young, to counteract the bad case of over-confidence which almost lost them several recent games.

A big effort is being expended by Coach Young in an endeavor to furnish the men with enough pigskin knowledge so that they will be able to hand the Wapakoneta Ill eleven the short end of a big score next Saturday afternoon at South's field.

The first squad is now drawing the greatest part of Young's attention. This, naturally, is due to the fact that the season is drawing to a close and important results hang in the balance after they have met the Aughize-co warriors.

With expectations of being able to beat Wapak Saturday, the second stringers of South are being knocked coo coo nightly and bewildered thru trick formations by the regulars.

In a practice game Tuesday afternoon the first team men plowed thru the second team for six touchdowns.

It is believed the small end of the South-Forest score last Saturday would have been a big "0" had not the blue and gold been over-confident. They all realize their mistake and are now more willing to heed the advice being dealt out to them by the South Hi mentor.

If there is anything to rumors, South will experience more strength than is expected from Wapak. It has been said that this team walked over the strong Sidney Hi squad two weeks ago by a score of 27

No members of the team suffered injuries in the Forest game and they are confident of finishing the remainder of the season to the pleasant expectations of South Lima fans.

Scrappy spirit brings the victories and that is what South is looking for.

Members of the second and third teams. altho not fully rounded out into real foot. ball men, are deserving of much credit They all know there is no chance of getting a letter, yet they are faithfully on the field every night ready for a tough serimmage. Their paramount ambition is to be good enough to make a berth on the regular squad next year.

ALUMNI OF CENTRAL AND SOUTH PLAY ARMISTICE DAY

A football game between the alumni of South III and Central will be one of the feature events Friday afternoon in the celebration of Armistice Day.

Old pigskin warriors will put on their togs again and turn out at Murphy-st park to defend the some honors they defended in years gone by.

CLASS "A" LEAGUE

A clique of former South Hi players are determined on beating the men being rounded up by Cree Swisher to represent Central Hi. They were out practicing Tuesday evening, having the regular South Hi squad as their opponents. The grads showed much speed and at times were able to tear thru South Hi's line for blg gains.

SWISHER IS BUSY. Swisher will have his Centralited turn out at the College Field Wednesday 'evening to try their skill against the Lima City team. He is of the opinion that the Central Hi alumni will consist of some well known players.

Among the South Hi grads expected to participate in the game are Roeder, Quillan. Siferd, Williams, T. Sieferd, Miller, Cremacan, Pugh, Ireland, McClain, Young Pugh, Ted Gardner, Blank, H. Thomas, Earl Roeder and Hall. IT IS ALL FREE.

No admission will be charged to see the game. It is being played at the instigation of the Armistice Day celebration committee of the Chamber of Commerce. Every person is welcomed to attend.

DECLINE IS SHOWN IN CORN CROP

ture Department

WASHINGTON.—(By Associated is expected to be featureless.

Press.)—The corn crop declined slightly during October, today's pre- but there are few new things making liminary estimate of the production their appearance. Greenstuffs from made by the department of agricul- the hothouses are plentiful and look ture being 11,365,000 bushels less tempting on the display counters and than was forecast a month ago. The total crop this year will be 3,151,-000,000 bushels, still one of the largest ever produced.

Preliminary estimates of other crops were announced as follows:
Buckwheat 14,894,000; potatoes 356,076,000; sweet potatoes 105,-841,000; tobacco (pounds) 1,020,-874,000; flax seed, 9,360,000; pears 9,780,000; apples 102,290,000; sugar beets (tons) 7,480,000; kaffrs, 125,724,000; peanuts 33,664,000. Weight per measured bushels of grains were announced as follows: Wheat 56.6 pounds; oats 28.3;

barley 44.4. Stocks of old corn on farms November 1 were estimated at 281,-472,000 bushels, or 8.7 per cent of the 1920 crop.

The preliminary estimates of corn by principal producing states in-

Pennsylvania 72,960,000 bushels; Ohio 150,060,000; Indiana 163,620,-000; Illinois 304,550.000; Michigan 63,999,000; Iowa; 428,274,000; Missouri 184,590,000 and Kentucky 85,-

320,000.

27 POULTRY & PET STOCK

NOVEMBER

WANTED—You to know that you can start your pullets and moulted hens to laying by feeding DE. HESS POULTRY FAN-A-CE-A. It contains tonies that promote a hen's digestion, tonies that tone up the dormant egg organs, so that the proper amount of food goes to egg production and not all to flesh and fat and laziness, when it's action and eggs you want. Here's a good suggestion: Provide your hens with a dust bath, to which add DR. HESS INSTANT LOUSE KILLER, say once a week. It keeps down the lice. For Roup use DR. HESS ROUP REMEDY. All guaranteed. Sold by all daelers in poultry supplies.

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have Says Dr. Edwards, a Well-Known

Ohio Physician Dr. F. M. Edwardsfor 17 years treated scores of women for liver and bowel airments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will

know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.
If you have a pale face, sollow look

if you have a pale tace, sallow look, dull eyes, pimples, coated tongue, head-aches, a listless, no-good feeling, all out of sorts, inactive bovels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calcurate. cessful substitute for calomel-now and then just to keep them fit. 15c and 30c.

SPECIAL Radiator Alcohol

By a special process there is a new grade of alcohol now produced that comes as near being non-evaporating as radiator alcohol can be refined.

This alcohol, sold in Lima by Ebling Auto Supply Co., 213 West High-st., is 188 proof, made from a special formula and guaranteed to give satisfaction as a nonfreezing solution for the radiator of your car.

There are six grades of denatured alcohol, one for burning, one for removing shellac, etc. The radiator alcohol should possess qualities distinctive to that particular use. It should not evaporate readily, it should keep your radiator from freezing, it should prove an asset to your motor and water system.

This wonderful alcohol, made especially for radiator use, sold by Ebling's will appeal to you at once as being the proper solution for your car. It is not expensive. In fact this alcohol is very low priced.

Ebling's are selling five full gallons of this alcohol and giving a five gallon galvanized spouled can with it for only FIVE DOLLARS.

Remember you get FIVE gallons of this remarkable radiator alcohol at a genuine bargain price, and the gal-vanized spouled can is given with the purchase.

Heretofore motorists have been buying alcohol designed for other purposes than for radiator use. It did not prove satisfactory. The new alcohol at Ebling's will meet every requirement you could expect.

Perfection Wafers

Contain the Nourishment that Makes for Better Health

We have made a thorough study of the things the human engine needs and have put them into Perfection Wafers. Result—one of the most strengthening and wholesome foods that money can buy.

They are concentrated bread containing more nourishment per pound than the ordinary loaf. More easily digested and assimilated so that many housewives are serving these delicious little crackers at every meal as their bread.

They go well with butter jams, jellies or sauce and combine splendidly with meat and vegetables, adding a delicious flavor to all foods. Serve them whenever you need bread that is not only tasty but satisfying. Perfection Wafers are a real food.

Eat them as your bread at every meal-

Tests have established the fact that there is as much actual nourishment in a pound of Perfection Wafers as there is in

11/2 lbs. of beefsteak or $4\frac{1}{2}$ lbs. com or 61/2 lbs. potatoes or 6 lbs. milk
